## PRODUCT RANGE

**As customers, you define our growth.** Fernite expands our offering into the areas where our customers have needs, where we feel we can provide a different or better solution. Your success using our products is what keeps our relationship alive and thereby ensures our success too.

**In recent years we have expanded our product range and this now include:**

- Granulator blades
- A comprehensive national blade sharpening service with a 7-day turnaround
- Granulator machines and systems
- Shredder blocks
- Pulveriser discs
- Scraper knives for drum dryers and conveyors
- Straight edged machine knives
- Toothed machine knives
- Doctor blades
- Bandsaw blades
- Circular saws
- Circular knives

**Why not give us a call to discuss your application and find out how we can help improve your process?**

## HISTORY

**Today, Fernite is a Multi award-winning ISO 9001 manufacturer, providing superior products to our customers, from our state of the art factory built in 2021.**

Everything we make today is produced with great care in our Sheffield factory.

This success is built on a long heritage, dating back to the earliest days of the industrial revolution in 1832,

Recently, we have integrated multiple business in order to provide our customers with a wider array of services, in doing so maintaining the essence of those companies while adding the professional and friendly Fernite service and an enhanced customer focus.

## THE FERNITE WAY

**Fernite are a full service machine knife manufacturer, making the best products. Switch to a Fernite machine knife and be sure that your products and processes will benefit. You will get longer lasting, better cuts and a professional, more reliable service.**

Take advantage of our blade development service, where we will work with your team to really understand your process needs and develop a bespoke solution with you that really has the potential to improve your product or to improve your process efficiency.

We are a friendly and efficient customer focussed organisation, your enquiries and questions are always welcomed and we hope you enjoy working with us.
